

Marginal Risk of Severe Storms

July 5, 2024
5:29 AM

A couple of strong to severe storms possible today

OVERVIEW:

- Scattered thunderstorms will develop this afternoon and evening ahead of a cold front.
- A couple of storms could be strong to severe with damaging winds.
- Confidence on storm coverage is low, and most areas will not see rain.

TIMING

- 2 to 10 PM.

HAZARDS & IMPACTS

- There is a **Marginal Risk of Severe Thunderstorms (Level 1 of 5)**.
- A couple of thunderstorms could be strong to severe with damaging wind gusts approaching 60 mph.

FORECAST CHALLENGES

- Extensive cloud cover this morning could linger well into the afternoon and reduce daytime heating. This makes the coverage of thunderstorms this afternoon and evening, as well as the degree of organization, highly uncertain.
