A fierce thunderstorm flooded numerous streets in Bakersfield and triggered a 2-hour power outage to 2,000 utility customers from a lightning strike in the Oildale area around 1900 PST and another around 1950 PST in west Bakersfield. Flooding impeded traffic in a least 19 different locations from the cloudburst. This thunderstorm activity ended an inclement weather period of rain and wind for the South San Joaquin Valley that began on the 4th.
