

## Ohio Valley National Weather Association Chapter

is an organization that aims to foster the growth, and promote excellence in, operational meteorology through research, forecasting, broadcasting, and education.

Make sure you have Wireless Emergency Alerts activated on your mobile devices!

## WRN Ambassadors...

- 1 Have knowledge at your fingertips and have access to useful information that will keep you safe when hazardous weather strikes!
- 2 Can encourage your peers to follow your example during dangerous weather events, keeping them safe.
- 3 Should provide feedback that will lead to better forecast messages and weather safety information that will reach millions of people.
- 4 Can proudly display your organization's service to your community with the WRN Ambassador logo on your website, social media, or other products that people see.

Have any questions about the Weather-Ready Nation Program? Give us a call or send us an email any time!

## WELCOME TO WEATHER-READY NATION!

Weather-Ready Nation can help start a dialog within our local communities in southeastern Indiana, northern Kentucky, and southwestern and central Ohio that will ultimately reduce the risk of being adversely impacted by extreme weather and water events and increase community resilience for future extreme events.

## Weather-Ready Nation Ambassadors...

- Promote Weather-Ready Nation messages and themes to stakeholders.
- Engage with NOAA personnel on potential collaboration opportunities.
- Share success stories of preparedness and resiliency.
- Serve as an example by educating employees on workplace preparedness and encouraging personal preparedness at home.

## Together we can...

-  Inform and empower our communities, businesses, and people to make pre-event decisions that can be life-saving and prevent or limited devastating economic losses.
-  Connect our communities to build a Weather-Ready Nation together!

## Report Back To the NWS!

-  Via Social Media
-  Via Phone
-  Via our SpotReport Email: [Spotreport.iln@noaa.gov](mailto:Spotreport.iln@noaa.gov)

## How you can get weather information...

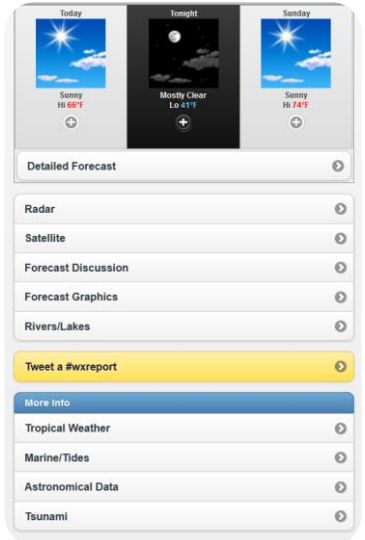

Follow us on social media!
