

Nice Weather this Weekend! Rain Returns Next Week

Forecast Details:

- Nice weather weekend. Still hot but much lower humidity.
- Moisture increases for the beginning of the work week as all eyes turn to Beryl in the Gulf of Mexico which will bring rain to the area.

T.S. Beryl Details:

- Landfall Monday morning between Corpus Christi and Houston, TX.
- Remnants of Beryl will impact TN and bring an increase in moisture along with much needed rainfall!
- No hazardous weather is expected at this time with the remnants of Beryl.
