

We've updated a few of our web-based products in time for the winter season!

- Winter Weather Forecast pages
- Winter Storm Severity Index
- Graphical Hazardous Weather Outlook

# Winter Forecast Page Updates

The screenshot shows the NWS Charleston, WV website. At the top, there are navigation tabs: HOME, FORECAST, PAST WEATHER, SAFETY, INFORMATION, EDUCATION, NEWS, SEARCH, and ABOUT. Below the navigation is a local forecast section for Charleston, West Virginia, showing a current temperature of 67°F and a high of 65°F. A map of West Virginia is displayed, with a yellow box highlighting the Charleston area. A sidebar on the right contains links for Watches, Warnings & Advisories, and Hazardous Weather Outlook. At the bottom, there is a 'Text Product Selector' and a grid of icons for various weather services. A hand cursor is pointing to the 'Winter Weather' icon in the bottom-left corner of the grid.

- Comprehensive winter weather forecast information can be found by looking for the icon on you local NWS office's webpage.
- Winter weather information for the NWS Charleston, WV forecast area and statewide graphics for West Virginia can be found at [www.weather.gov/rlx/winter](http://www.weather.gov/rlx/winter)
